

## Paid research position

The Weiss-Lehman lab is seeking 1-2 technicians to assist with ongoing experiments related to the ecological and evolutionary dynamics of species' ranges. Our lab uses microcosms of the red flour beetle in our research and lab technicians would assist with the maintenance of stock populations and the implementation of various experiments. Additionally, technicians will have the option of developing their own research questions and experiments with the beetle microcosms if they would like to.

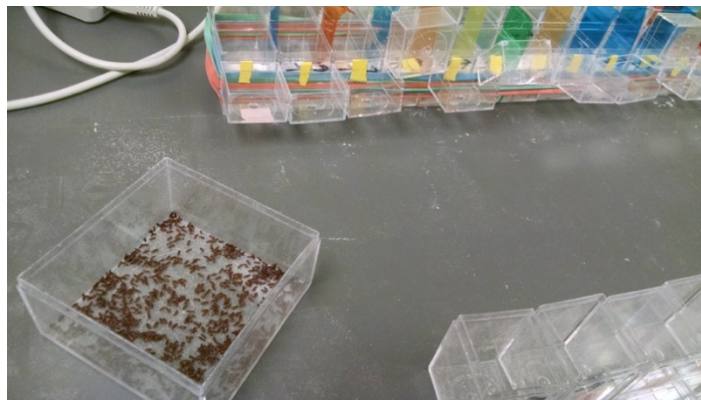

**Compensation:** \$15/hour; expected 10-15 hours per week

**When:** Starting in May and continuing through the summer

**Where:** All microcosm research takes place in the Weiss-Lehman lab on the UW campus in Laramie

For consideration, please submit 1) your resume, 2) a statement of interest in the position, and 3) contact information for two professional references to Topher Weiss-Lehman at [cweissle@uwyo.edu](mailto:cweissle@uwyo.edu). **Review of applications will begin immediately** and continue until the positions are filled.

See the lab website for more details on our research: <https://weisslehmanlab.weebly.com/>
